

Western Australian Reference Group (WARG)

The purpose of the WARG is to provide a forum to address strategic policy issues arising from the implementation of the MoU in Western Australia.

In its role as a Reference Group to the MoU National Steering Committee, the WARG:

- Supports the MoU in delivering Indigenous employment and business development outcomes in key mining communities in Western Australia
- Provides resolution and strategic direction on key challenges/opportunities related to MoU implementation and to advise State and Commonwealth Departments and the MoU National Steering Committee of key strategic issues requiring national engagement; and
- Engages with other relevant organisations in WA to maximise the economic engagement of Aboriginal people in mining related communities and to avoid duplication of effort.
